Dating Game By Danielle Steel

In her 57th bestselling novel, Danielle Steel brilliantly chronicles the roller-coaster ride of dating the second time around—and tells a captivating story of the surprises one woman encounters when she’s thrust into the terrifying, exhilarating world of the **Dating Game**.

Paris Armstrong never saw it coming. With two grown children and a lovely home in Connecticut, Paris was happy with her marriage, her family, her life. So when her husband of twenty-four years said they needed to talk, Paris couldn’t imagine what he was about to say.

“I want a divorce,” Peter tells her. Just like that, the husband she adored had dumped her for a younger woman. And just like that, Peter and his thirty-one-year-old lover had made their plans for their future, leaving Paris to pick up the pieces of a shattered life. Within days, Peter was gone. And Paris was left to figure out how she intended to get through the next day, let alone the rest of her life.

The task could not have been more painful. First came the tears. Then the excruciating attempts by well-meaning friends to “fix her up” with men who paled in comparison to Peter. Worse yet, she still loved him. Finally, Paris realized she was in a fight for her very survival. Drastic measures were called for. Even her shrink agreed. It was time to move—as far away as possible, just after Peter remarried. Paris had never felt, or been, more alone.

Saying good-bye to the world she knew and loved, Paris heads west, to San Francisco, and discovers being single in a world full of men who were too young, too old, too married, or too good to be true. For Paris, the list seemed endless...the charming commitment-phobe...the drunken Neanderthal...the young Frenchman—so adorably sexy she almost forgot about his age, and did, for a while. With her dating track record veering between disappointing and disastrous, and her daughter now engaged to a man Paris’s age, Paris finally comes to the conclusion that romance is not in her future. That’s when her small circle of offbeat, loving friends becomes more important than ever before. And a decision Paris makes only for herself changes her life once more. The secret, she discovers finally, is in finding the gifts in life’s unexpected twists and turns, and turning despair into freedom and loss into joy.

In a poignant, wickedly funny novel about getting dumped and getting over it, about tackling life with both courage and laughter, Danielle Steel explores what it means to start over, whether you wanted to or not, and finding something better than you had before.

Editorial Review

From Library Journal

Poor Paris, dumped after 24 years of marriage and not so successful at the dating game. But when Paris turns to a new circle of friends, her life starts looking up.

Copyright 2002 Reed Business Information, Inc.

Review

The numbers say it all. This is novel number 47. Over 500 million Danielle Steel novels have been sold the world over. The market for Dating Game is described by her publisher as 'millions of loyal fans'. It seems safe to conclude, then, that the new novel by Danielle Steel does not represent a radical new departure for the author. She has not discovered chick-lit or cyberpunk. Dating Game is not an experimental novel, except in the sense that it is always an interesting experiment testing whether you can produce the same result with the same formula. Condensed version? Thrust into the world of contemporary dating by an unexpected divorce, Paris Armstrong eventually triumphs through adversity. Not to all tastes, but 'millions of loyal fans' evidently disagree.

From the Inside Flap

In her 57th bestselling novel, Danielle Steel brilliantly chronicles the roller-coaster ride of dating the second time around--and tells a captivating story of the surprises one woman encounters when she's thrust into the terrifying, exhilarating world of the Dating Game.

Paris Armstrong never saw it coming. With two grown children and a lovely home in Connecticut, Paris was happy with her marriage, her family, her life. So when her husband of twenty-four years said they needed to talk, Paris couldn't imagine what he was about to say.

"I want a divorce," Peter tells her. Just like that, the husband she adored had dumped her for a younger woman. And just like that, Peter and his thirty-one-year-old lover had made their plans for their future, leaving Paris to pick up the pieces of a shattered life. Within days, Peter was gone. And Paris was left to figure out how she intended to get through the next day, let alone the rest of her life.

The task could not have been more painful. First came the tears. Then the excruciating attempts by well-meaning friends to "fix her up" with men who paled in comparison to Peter. Worse yet, she still loved him. Finally, Paris realized she was in a fight for her very survival. Drastic measures were called for. Even her shrink agreed. It was time to move--as far away as possible, just after Peter remarried. Paris had never felt, or been, more alone.

Saying good-bye to the world she knew and loved, Paris heads west, to San Francisco, and discovers being single in a world full of men who were too young, too old, too married, or too good to be true. For Paris, the list seemed endless...the charming commitment-phobe...the drunken Neanderthal...the young Frenchman--so adorably sexy she almost forgot about his age, and did, for a while. With her dating track record veering between disappointing and disastrous, and her daughter now engaged to a man Paris's age, Paris finally comes to the conclusion that romance is not in her future. That's when her small circle of offbeat, loving friends becomes more important than ever before. And a decision Paris makes only for herself changes her life once more. The secret, she discovers finally, is in finding the gifts in life's unexpected twists and turns, and turning despair into freedom and loss into joy.

In a poignant, wickedly funny novel about getting dumped and getting over it, about tackling life with both courage and laughter, Danielle Steel explores what it means to start over, whether you wanted to or not, and finding something better than you had before.

"From the Hardcover edition.

Users Review

From reader reviews:

Jamie Lundquist:

The book Dating Game give you a sense of feeling enjoy for your spare time. You may use to make your capable more increase. Book can to become your best friend when you getting anxiety or having big problem using your subject. If you can make reading through a book Dating Game to become your habit, you can get considerably more advantages, like add your capable, increase your knowledge about several or all subjects. It is possible to know everything if you like available and read a e-book Dating Game. Kinds of book are several. It means that, science e-book or encyclopedia or some others. So , how do you think about this publication?

Edward Torres:

Information is provisions for people to get better life, information currently can get by anyone from everywhere. The information can be a know-how or any news even a concern. What people must be consider whenever those information which is inside former life are challenging be find than now is taking seriously which one is acceptable to believe or which one often the resource are convinced. If you receive the unstable resource then you buy it as your main information you will have huge disadvantage for you. All of those possibilities will not happen within you if you take Dating Game as the daily resource information.

Patricia Frazier:

People live in this new day of lifestyle always attempt to and must have the time or they will get large amount of stress from both everyday life and work. So , if we ask do people have spare time, we will say absolutely yes. People is human not just a robot. Then we question again, what kind of activity do you possess when the spare time coming to anyone of course your answer will unlimited right. Then ever try this one, reading textbooks. It can be your alternative within spending your spare time, the particular book you have read is definitely Dating Game.

Colton Fierros:

Do you like reading a guide? Confuse to looking for your best book? Or your book seemed to be rare? Why so many issue for the book? But any people feel that they enjoy with regard to reading. Some people likes looking at, not only science book and also novel and Dating Game or others sources were given know-how for you. After you know how the good a book, you feel would like to read more and more. Science e-book was created for teacher or even students especially. Those ebooks are helping them to bring their knowledge. In additional case, beside science e-book, any other book likes Dating Game to make your spare time more colorful. Many types of book like this one.
