ENTERTAINMENT WEEKLY The Ultimate Guide to Star Wars By The Editors Of Entertainment Weekly

“A long time ago, in a galaxy far, far away...” ten words changed the cinematic world forever. Now, Entertainment Weekly’s editors and writers celebrate the Star Wars franchise’s return to the big screen with an all-new Collector’s Edition – *Entertainment Weekly The Ultimate Guide to Star Wars* – that covers the entire universe, from *A New Hope* to *The Force Awakens*, and all the books, television shows, comics, and video games in between. This comprehensive guide features rarely seen production and cast photos from all the movies in the series, and surprising reveals and speculation about Episode VII—including a discussion about Rey’s parentage that is still hotly discussed today.

There are tons of extras throughout for Star Wars obsessed fans, including: an essay on Ralph McQuarrie, the founding of George Lucas’s Industrial Light & Magic, the secrets hidden within John William’s scores, a moving tribute to director Irvin Kershner written by his son, interviews with director J.J. Abrams, and much more. Also included are “deep dives” focusing on insideronly content like the Holiday Special, spoofs and parodies, a discussion about the now retired Legends books and comics series, and a discussion about proper viewing order. This is the must have edition for anyone and everyone who has considered themselves a Stars Wars fan.
