#### ABOUT THE BOOK

The 8th Habit was designed to be a guide for today's "knowledge-worker society," which has a distinct set of dilemmas and social nuances with which industrial societies of years past did not have to contend.

The book's front flap boils down the core concept "The crucial challenge of our world today is this: to find our voice and inspire others to find theirs. It is what Covey calls the 8th Habit." This lofty philosophical world view applies to individuals, organizations, and the broader scope of modern humanity. As a *New York Times* book reviewer noted about Covey, "His premise is that most of us are battling to feel engaged and fulfilled. To achieve what we seek, we must find our 'voice,' a concept that has four components." The all-important voice that serves as Covey's conceptual cornerstone is made up of talent, passion, need, and conscience.
