The Drowned Cities By Paolo Bacigalupi

This thrilling companion to Paolo Bacigalupi's bestselling award-winner *Ship Breaker* and upcoming *Tool of War* is a haunting and powerful story of loyalty, survival, and heart-pounding adventure.

In a dark future America where violence, terror, and grief touch everyone, young refugees Mahlia and Mouse have managed to leave behind the war-torn lands of the Drowned Cities by escaping into the jungle outskirts. But when they discover a wounded half-man--a bioengineered war beast named Tool--who is being hunted by a vengeful band of soldiers, their fragile existence quickly collapses. One is taken prisoner by merciless soldier boys, and the other is faced with an impossible decision: Risk everything to save a friend, or flee to a place where freedom might finally be possible.

"Suzanne Collins may have put dystopian literature on the YA map with *The Hunger Games*...but Bacigalupi is one of the genre's masters, employing inventively terrifying details in equally imaginative story lines." --*Los Angeles Times*

Editorial Review

From School Library Journal

Gr 9 Up-In the ruins of an America toppled by greed, gas shortages, and flooding caused by climate change, civil war runs rampant. Orphans Mahlia and Mouse have been taken in by a kindly doctor, but when they cross the wrong soldier boys, even he may not be able to save them. Mahlia has turned hateful and pessimistic since the maiming that left her without a right hand. She decides that hope lies in saving a bioengineered soldier-beast, a half-man, who could protect her as she flees the Drowned Cities. It is only when Mouse is taken by soldier boys that Mahlia turns deep into the city's broken heart to try to rescue him. Joshua Swanson brings to life Bacigalupi's dark and compelling companion (2012) to his Printz Award-winning title, *Ship Breaker* (2010, both Little, Brown). Good pacing and staunch delivery keep listeners on the edge of their seats as Mahlia and Mouse fight to survive in a post-apocalyptic America. The inclusion of a creepy half-man ratchets up the tension a notch for the whole second half of the listening experience. In libraries where patrons are clamoring for solid dystopian novels, this will be a solid choice.-Jessica Miller, West Springfield Public Library, MAα(c) Copyright 2011.
