Stylin' with CSS: A Designer's Guide (2nd Edition) By Charles Wyke-Smith

Cascading Style Sheets enable you to rapidly create web designs that can be shared by hundreds or even thousands of web pages. It accelerates development cycles by centralizing text and layout information for easy editing and updates. This book teaches you everything you need to know to start using CSS in your web development work, from the basics of marking up your content and styling text, through the creation of multi-column page layouts without the use of tables. Learn to create interface components, such as drop-down menus, navigation links, and animated graphical buttons, using only CSS (no JavaScript required). Discover how to design code that works on the latest standard-compliant browsers, such as IE7 and current versions of Firefox, Safari, and Opera, while working around the quirks of the older ones. With a mastery of CSS, your web design capabilities will move to a new level, and everything you need to know to get started and build your skills is right here in this book. You'll be stylin' in no time!

About the Author

Charles Wyke-Smith has been creating web sites since 1994 and currently serves as Director of User Experience for Charleston-based BenefitFocus. In recent years, Charles was VP of Web Development for eStar.com, a celebrity information site, and has provided web design and consulting services to companies including Wells Fargo, ESPN Videogames, and The University of San Francisco. His work today focuses on site development, with an emphasis on user experience, information architecture, and interface design. Charles has taught classes in multimedia and interface design and speaks at many industry conferences.

Users Review

From reader reviews:

Milford Garrett:

Reading a guide tends to be new life style in this era globalization. With reading you can get a lot of information which will give you benefit in your life. Having book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Many author can inspire their reader with their story or maybe their experience. Not only situation that share in the ebooks. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors on this planet always try to improve their skill in writing, they also doing some study before they write for their book. One of them is this Stylin' with CSS: A Designer's Guide (2nd Edition).

Michael Scott:
