**Cost Management Guidebook: Second Edition** By Steven M. Bragg

The Cost Management Guidebook describes a number of tools that can be used to examine the cost structure of a business, including analyses for cost objects, constraints, and processes. The book also addresses how to reduce costs in all of the major areas of a corporation, including compensation, sales, production, procurement, and administration. There are extensive discussions of asset reduction techniques, as well as cost management reports and measurements.
