**Neuroradiology Cases (Cases in Radiology)** By Clifford J. Eskey, Clifford J. Belden, David A. Pastel, Arastoo Vossough, Albert J. Yoo

Designed for both in-depth study as well as quick reference, *Neuroradiology Cases* covers the field of brain imaging through 192 concise and clinically relevant cases. Part of the *Cases in Radiology* series, this book follows the easy-to-learn case format of question and answer, complete with concise summaries and a generous amount of top-quality images. Following the format of the American Board of Radiology examinations, cases are grouped into three sections: Brain, Spine, and Ear, Nose, and Throat. Within each section, cases are randomly ordered and include challenging examples of common diseases as well as typical examples of less common ones. This collection of cases is ideal for the resident preparing for the boards, the fellow for the CAQ exam, or the radiologist in need of a quick review.

## **Editorial Review**

### Review

"This book does an excellent job of limiting information to a good review format for those preparing for their radiology boards. The information is comprehensive yet not excessive. Because of that, it is also a great reference for providers outside of the field of radiology who may need a good neuroradiology reference manual." -- *DOODY'S*
