### The Summerhouse By Jude Deveraux

*Have you ever wanted to rewrite your past?*

Three best friends, all with the same birthday, are about to turn forty. Celebrating at a summerhouse in Maine, Leslie Headrick, Madison Appleby, and Ellie Abbott are taking stock of their lives and loves, their wishes and choices. But none of them expect the gift that awaits them at the summerhouse: the chance for each of them to turn their "what-might-have-beens" into reality...

Leslie, a suburban wife and mother, follows the career of a boy who pursued her in college wonders: what if she had chosen differently? Madison dropped a modeling career to help her high school boyfriend recover from an accident, even though he'd jilted her. But what if she had said "no" when her old boyfriend had called? Ellie became a famous novelist, but a bitter divorce wiped out her earnings -- and shattered her belief in herself. Why had the "justice" system failed her? And could she prevent its happening the second time around?

Now, a mysterious "Madame Zoya," offers each of them a chance to relive any three weeks from the past. Will the road not taken prove a better path? Each woman will have to decide for herself as she follows the dream that got away...and each must choose the life that will truly satisfy the heart's deepest longings.

## Editorial Review

### Amazon.com Review

What if a woman could go back to the beginning and rethink her choices for love and life? When Leslie Headrick, Madison Appleby, and Ellie Abbott first met, they were in their early 20s and the world lay before them with its infinite possibilities. Now that they're about to turn 40, they reunite for a weekend at a summerhouse in Maine where they share the details of their lives during the past 20 years. Each woman has serious doubts and questions about the path she chose to follow, but none of them suspect the startling opportunity they're about to be offered to relive those choices and change their futures.

Thought-provoking, entertaining, and downright delightful, Jude Deveraux's *The Summerhouse* deftly develops the individual stories of the three women in fascinating detail while maintaining the overall focus on the central tale. The ties of sisterhood and shared experience that bind the three resonate with depth and clarity--no wonder then that Deveraux is a perennial favorite with readers. There is little doubt that this volume will join her lengthy list of bestsellers. --*Lois Faye Dyer*

### From Publishers Weekly

"If you had to do it all over again, what would you do?" is the question Deveraux poses in this wistful novel of second chances. Twenty-five years into her career, with 26 New York Times bestsellers to her credit and 30 million copies of her books in print, the author serves up the following situation: 19 years ago, Leslie, Madison and Ellie met while waiting in line to get their licenses renewed at the New York City Department of Motor Vehicles. Sharing the same birthday, they became instant friends. Now they're all turning 40, and although they haven't seen each other since that long-ago day, when Ellie invites the others for a reunion in Maine, they agree to attend. Once there, they realize that their lives haven't turned out as planned. But then the trio stumble across Madame Zoya of Futures, Inc., who make them an irresistible offer: they can relive any three weeks from the past, armed with the knowledge since gained. Afterwards, they must decide: should they stick with the lives they have or go with the new futures they've created? The conceit of the DMV meeting and subsequent reunion functions as a clunky device to let the women tell their individual tales of woe; the idea that they're soul mates even though they only met once and never kept in touch requires a considerable stretch of the imagination. When they do go back in time, like 40-years-olds trying to play 20 at a costume party, the conversations are youthfully banal. The eternal allure of lives relived rescues the tale, but this lukewarm effort is strictly for loyal fans. The best thing about time travel in Deveraux's world? Instant weight loss. Major ad/promo.

Serendipity brings three career women together at the DMV in New York City on their twenty-first birthdays. Ellie, cute and perky, is a hopeful artist. Leslie is an aspiring dancer, and Madison is in New York to pursue a modeling career. Nineteen years later, Ellie, a successful popular fiction writer who hasn't written for three years, asks the other two to meet at a summerhouse in Maine to find out if their lives went as wrong as hers. Beautiful Madison tells the group about giving up modeling to nurse an ungrateful (now ex) husband, and Leslie talks about leaving the dance world to marry the boy back home, who now may be cheating on her. But neither is as bitter about men as Ellie, whose ex-husband has taken all her money and her self-confidence. The catharsis achieved by their confessions is helpful, but what really changes their lives is the mysterious Madame Zoya, who promises to let them relive any three weeks of their lives and to choose

a new path or remain with the old. Deveraux is at the top of her game here as she uses the time-travel motif that was so popular in *A Knight in Shining Armor* (1996), successfully updating it with a female buddy twist that will make fans smile. *Patty Engelmann*
