### Editorial Review

From School Library Journal

YA-Beautiful, bright, and talented Meredith Johnson arrives at Digital Communications Technology company to become the head of a division, a position that Tom Sanders thought was going to be his. Meredith, his former lover, invites him to her office after hours and attempts to seduce him. When he rejects her, she accuses him of sexual harassment. Tom hires Louise Fernandez to defend him and reverses the accusation to name Meredith as the aggressor. To this plot, Crichton adds computer-industry sabotage, corporate mergers, video-linkups, stock options, CD-ROM jargon, and even a trip on a virtual-reality simulator to help Tom save his reputation and career. YAs will love all the technology and the author's easy, readable style, but the graphic sex and obvious theme that harassment is power may make Disclosure a more suitable choice for public than for school libraries.
