The Ancient Alien Question: A New Inquiry Into the Existence, Evidence, and Influence of Ancient Visitors By Philip Coppens

How extraterrestrials came to our planet and the evidence that supports this

Analyzing the historical and archaeological evidence, Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than currently accepted, and that certain cultures interacted with non-human intelligences. Our ancestors were clearly not alone.

Forty years after Erich von Däniken posed these questions in *Chariots of the Gods*, Coppens provides clear and concise answers to the great historical enigmas in a most accessible and readable format.

Your view of human history will never be the same again!

He is labeled a skeptic by the believers, and a believer by the skeptics--a unique position which makes him a well-recognized voice of reason. His works have been translated into 28 different languages and have sold a total of 63 million copies. Several of his books have also been turned into films, and Erich's ideas have been the inspiration for a wide range of TV series, including the History Channel's smash hit special, "Ancient Aliens."
