Catalogue of Death: A Miss Zukas Mystery By Jo Dereske

At last, construction begins on a new library for Bellehaven, a gift of Franklin Harrington, scion of old Bellehaven money, and one of the locally famous Harrington triplets. But when a freak snowstorm hits, Bellehaven is brought to its knees. Not so Miss Helma Zukas who is at her post, dispensing library information, overseeing wayward employees, and soothing a busload of stranded gamblers.

Suddenly, an explosion rocks the snowy day, destroying the library site, killing the benefactor and a penny-pinching city finance czar.

The snow melts but not trouble. Shockingly, Ms. Moon thrusts the new library project onto Helma. And Helma soon discovers why, uncovering secrets and shady dealings from start to finish – secrets in the library, in the City, and in the Harrington family – secrets worth killing for.
