Editorial Review

From the Publisher

This extensively revised edition offers practical advice for those who rely on their own source of water to have a pure and sufficient supply. It covers all aspects of building and maintaining water supplies for individual properties, farms and small businesses. Also useful for people seeking their own water supply in order to become independent of the public mains.

Users Review

From reader reviews:

Julie Gailey:

Do you certainly one of people who can't read gratifying if the sentence chained from the straightway, hold on guys this kind of aren't like that.
