Freedom and Organisation, 1814-1914 By Bertrand Russell

'The purpose of this book is to trace the opposition and interaction of two main causes of change in the Nineteenth century: the belief in freedom which was common to Liberals and Radicals, and the necessity for organization which arose through industrial and scientific technique.' - *Bertrand Russell*

A revealing account by one of the twentieth century's greatest minds, charting the struggle between two determining forces in nineteenth century history: freedom and control.

Russell's text sweeps from the defeat of Napoleon and the Congress of Vienna to the lead up to the First World War. It is full of lively portraits, including Malthus, Mill, Bentham and Marx. Russell examines the founding of democracy in America and the struggle with slavery, and brings to life the ideas of Jefferson, Jackson and Lincoln.

This book was represented how do the world has grown up. The dialect styles that writer value to explain it is easy to understand. Often the writer made some research

when he makes this book. That is why this book suited all of you.

Tom Carter:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some guide, they are complained. Just small students that has reading's soul or real their interest. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Freedom and Organisation, 1814-1914 can make you truly feel more interested to read.
