Historic Preservation for Designers By Peter B. Dedek

Historic Preservation for Designers offers a comprehensive overview of historic preservation with a focus on historic interiors, historic building materials, and the adaptive reuse of interiors. This text includes a brief history of preservation in the United States, criteria to determine whether a building is historic, a discussion of preservation law, and how to document historic buildings with a focus on design and understanding functional and aesthetic requirements.

The text explores issues including building restoration and rehabilitation standards, adaptive reuse principles, and codes and accessibility requirements. Designers will discover timely information on inspecting historic buildings to determine their age and condition as well as the growing relationship between historic preservation, green design, and the environment.

Editorial Review

About the Author

Peter B. Dedek is Associate Professor of Interior Design at Texas State University-San Marcos, USA, where he has taught History of Design and History of Architecture courses as well as a graduate-level course in Historic Preservation within the Department of History. His professional background is centered on historic preservation and residential design, working in the Division of Architecture at the Texas Historical Commission in Austin for several years and for Michael Emrick, AIA, a preservation architect in Nashville, Tennessee.

Users Review

From reader reviews:

Cameron Keller:

Have you spare time for any day? What do you do when you have far more or little spare time? Yep, you can choose the suitable activity to get spend your time. Any person spent their spare time to take a move, shopping, or went to the actual Mall. How about open or even read a book entitled Historic Preservation for Designers? Maybe it is to be best activity for you. You realize beside you can spend your time together with your favorite's book, you can cleverer than before. Do you agree with it has the opinion or you have different opinion?

Jane Hanscom:

The book Historic Preservation for Designers can give more knowledge and information about everything you want. Why then must we leave a very important thing like a book Historic Preservation for Designers? Several of you have a different opinion about guide. But one aim that will book can give many info for us. It is absolutely right. Right now, try to closer with your book. Knowledge or details that you take for that, it is possible to give for each other; you can share all of these. Book Historic Preservation for Designers has simple shape but you know: it has great and large function for you. You can look the enormous world by available and read a reserve. So it is very wonderful.

Lucille Daulton:

The publication untitled Historic Preservation for Designers is the publication that recommended to you to see. You can see the quality of the e-book content that will be shown to a person. The language that publisher use to explained their way of doing something is easily to understand. The copy writer was did a lot of research when write the book, hence the information that they share to your account is absolutely accurate. You also might get the e-book of Historic Preservation for Designers from the publisher to make you a lot more enjoy free time.

Henry Stehle:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's heart or real their passion. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Historic Preservation for Designers can make you really feel more interested to read.
