The Intro Level Student's Book is designed for beginning students needing a thorough, slow-paced presentation of basic functions, grammar structures, and vocabulary. Intro is based on the principle that low-level learning does not equal low-level thinking. Topics such as clothing and fashion, sports and hobbies, food and diet, and holidays and customs are presented in unique ways using interesting real-life information. Beautiful color photographs and illustrations facilitate the teaching of new vocabulary. As with the other levels of New Interchange, a complete set of ancillaries, including a video program, is available to make classes interesting and productive.

### **Editorial Review**

#### Review

'Dr Richards has created a very successful tool useful for not only instructing your students but also for inspiring them ... the immediate benefits of using Interchange show themselves very quickly: while the students learn the language in a way that is natural and interesting to them, the teacher learns more about his or her own teaching style (as well as new and effective ways to instruct an ESL class) ... a highly recommendable set of books to use.'
