### Editorial Review

Dashing football hero Nick Greenwald is catapulted into the rarified milieu of Park Avenue penthouses and Ivy League campuses in the uncertain days of the Great Depression when he falls in love with Lily Dane. The meeker (though more polished), moral, and beautiful best friend of Zeldaesque flapper Budgie Byrne, Lily is immediately smitten with Nick's determination and strength, an attraction the manipulative Budgie doesn't encourage, though she doesn't necessarily discourage it, either. After all, Nick is Jewish, and Budgie is confident that Lily's socially conservative family will never condone the match. They don't, and Budgie profits from the rift, marrying Nick on the rebound, while Lily nurses her broken heart. Seven years later, the Greenwalds turn up at Seaview, Rhode Island, the perennial summer enclave for the Danes, Byrnes, and other WASP stalwarts, and their renewed presence in Lily's life unleashes a storm of unexpected consequences. Williams' sweeping saga of betrayal, sacrifice, and redemption trenchantly examines the often duplicitous nature of female friendships and family expectations. --Carol Haggas
