## **Editorial Review**

### Review

This title was written in 1637 by a public official of the Ming dynasty, and here appears with over 150 woodcuts to cover all the major industrial techniques of 17th century China. Ten years of work have gone into this translation, which attends to both authenticity and readability: any studying Chinese history will find it important. -- *Midwest Book Review*

### Language Notes

Text: English (translation)

Original Language: Chinese

## **Users Review**

### **From reader reviews:**

#### **Alan Levin:**

What do you think of book? It is just for students because they're still students or it for all people in the world, the actual best subject for that?
