### Editorial Review

#### Amazon.com Review

Originally published in 1909, "Handy Farm Devices" is more than an engaging trip down memory lane. For any small farmer or homesteader, the techniques and devices described in detail are just as useful, durable, and fully functional today as they were 75 years ago. You will learn to build a portable chicken coop, a stone boat (for moving stone), a lightweight orchard ladder, gates that don't sag, and a handy wood splitter, as well as rudimentary farm structures, well houses, bee hives, a baby's cradle, a cheese press and much more. The charming, turn-of-the-century language and useful and inspirational quotes from Shakespeare, the Bible, Bacon, Longfellow and many others make this book a delight to read. --*Mark A. Hetts*

#### Review

"[You'll] find wisdom in this thrift-conscious and often environmentally wise celebration of self-sufficiency." —*Country Living*
