Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey) By Garold (Gary) Oberlender

The Latest, Most Effective Engineering and Construction project Management Strategies

Fully revised throughout, this up-to-date guide presents the principles and techniques of managing engineering and construction projects from the initial conceptual phase, through design and construction, to completion. The book emphasizes project management during the beginning stages of project development to influence the quality, cost, and schedule of a project as early in the process as possible. Featuring an all-new chapter on risk management, the third edition also includes new sections on:

- Ensuring project quality
- The owner's team
- Parametric estimating
- Importance of the estimator
- Formats for work breakdown structures
- Design work packages
- Benefits of planning
- Calculations to verify schedules and cost distributions
- Common problems in managing design
- Build-operate-transfer delivery methods

Based on the author's decades of experience in working with hundreds of project managers, this essential resource includes many new real-world examples and updated sample problems.

Project Management for Engineering and Construction, Third Edition, covers:

- Working with project teams
- Project initiation

- Early estimates
- Project budgeting
- Development of work plan
- Design proposals
- Project scheduling
- Tracking work
- Design coordination
- Construction phase
- Project close out
- Personal management skills
- Risk management

Editorial Review

About the Author

Garold Oberlender, Ph.D. (Stillwater, OK) was professor and coordinator of the graduate program in construction engineering and project management in the School of Civil Engineering at Oklahoma State University. He is the coauthor of *Estimating Construction Costs*, Fourth Edition.

Users Review

From reader reviews:

Roy Myers:

Hey guys, do you really want to find a new book to learn? Maybe the book with the name Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey) suitable to you? Often the book was written by famous writer in this era. The book titled Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey) is one of several books that everyone reads now. That book has inspired lots of people in the world. When you read this book you will enter the new shape that you never knew before. The author explained their idea in a simple way, thus all of people can easily understand the core of this reserve. This book will give you a large amount of information about this world now. So that you can see the representation of the world in this particular book.

Matthew Waddell:

Why? Because this Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey) is an extraordinary book that the inside of the book is waiting for you to snap it but later it will jolt you with the secret idea inside. Reading this book close to it was fantastic author who also wrote the book in such an incredible way makes the content inside easier to understand, entertaining approach but still conveys the meaning completely. So, it is good for you for not hesitating having this ever again or you going to regret it. This unique book will give you a lot of positive aspects than the other book gets such as help improving your proficiency and your critical thinking means. So, still want to hold off having that book? If I were you I will go to the book store hurriedly.

Jon Harrill:

Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey) can be one of your nice books that are good ideas. Many of us recommend that straight away because this book has good vocabulary that can increase your knowledge in terminology, easy to understand, bit entertaining but delivering the information. The writer giving his/her effort to set every word into enjoyment arrangement in writing Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey) nevertheless doesn't forget the main point, giving the reader the hottest and also based confirmed resource info that maybe you can be among it. This great information can certainly draw you into brand-new stage of

crucial contemplating.

Georgia Evans:

What is your hobby? Have you heard that question when you got college students? We believe that that concern was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. And also you know that little person such as reading or as examining become their hobby. You should know that reading is very important in addition to book as to be the matter. Book is important thing to add you knowledge, except your own personal teacher or lecturer. You will find good news or update with regards to something by book. Different categories of books that can you decide to try be your object. One of them are these claims Project Management for Engineering and Construction, Third Edition (P/L Custom Scoring Survey).
