Editorial Review

About the Author

Anthony Boardman

Anthony E. Boardman is the Van Dusen Professor of Business Administration at the University of British Columbia. His publications on cost-benefit analysis have appeared in many leading academic journals including the *Journal of Policy Analysis and Management*, *Socio-Economic Planning Sciences*, *Annals of Regional Science*, and the *Journal of Comparative Policy Analysis Research and Practice*. He has also served as a consultant for the Treasury of New Zealand and all levels of government in Canada.

David Weimer

David L. Weimer is professor of public affairs at the University of Wisconsin-Madison. He has published work involving the application of cost-benefit analysis to energy policy and the use of contingent valuation surveys. He also has contributed entries on cost-benefit analysis to the *International Encyclopedia of the Social and Behavioral Sciences* and the *New Palgrave Dictionary of Economics* (2nd edition).

Aidan R. Vining

Aidan R. Vining is the CNABS Professor of Business and Government Relations in the Faculty of Business Administration, Simon Fraser University in Vancouver, British Columbia (Canada) and holds a Ph.D. from the Goldman Graduate School of Public Policy at the University of California, Berkeley. His articles related to cost-benefit analysis have appeared in a wide range of journals. In addition to authoring these articles, Dr. Vining is the author of *Policy Analysis; Concepts and Practice* with David Weimer (4th. Edition, Pearson Prentice-Hall, 2005) and has recently co-edited *Building the Future: Issues in Public Infrastructure in Canada* (C.D. Howe) which analyzes the costs and benefits of major infrastructure projects in Canada. Over the last twenty five years, he has taught numerous courses and seminars on cost-benefit analysis and policy analysis to government analysts in countries around the world

David Greenberg

David Greenberg is a professor emeritus of economics at the <?XML:NAMESPACE PREFIX = ST1 />University of Maryland Baltimore County (UMBC). In 2002 he worked as a labor market analyst at the Prime Minister's Strategy Unit within the British Cabinet Office, helping design a random assignment evaluation of a pilot program that attempts to help retain disadvantaged workers in employment and aid their advancement and is currently working on the cost-benefit analysis of this pilot program. In addition, he is presently responsible for the cost-benefit analyses of two on-going U.K. programs: the New Deal for Disabled Persons and has taught a course in cost-benefit analysis at UMBC for many years.

Users Review

From reader reviews:

Donna Vazquez:

People live in this new day time of lifestyle always attempt to and must have the free time or they will get large amount of stress from both everyday life and work. So , whenever we ask do people have time, we will say absolutely of course. People is human not a robot. Then we inquire again, what kind of activity have you got when the spare time coming to you actually of course your answer can unlimited right. Then do you try this one, reading guides. It can be your alternative inside spending your spare time, often the book you have read is usually Cost Benefit Analysis: Concepts and Practice (3rd Edition).

Santa McNabb:

Reading a book to be new life style in this yr; every people loves to study a book. When you go through a book you can get a large amount of benefit. When you read textbooks, you can improve your knowledge, simply because book has a lot of information into it. The information that you will get depend on what forms of book that you have read. The Enjoyable blend here cannot be questionable, such as treasuring beautiful island. Techniques you still want to miss it? Find this book as well as read it from right now!

Beatrice Kennemer:

As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's internal or real their hobby. They just do what the educator want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Cost Benefit Analysis: Concepts and Practice (3rd Edition) can make you really feel more interested to read.
