The Little Prince By Antoine de Saint-Exupéry

The Little Prince describes his journey from planet to planet, each tiny world populated by a single adult. It's a wonderfully inventive sequence, which evokes not only the great fairy tales but also such monuments of postmodern whimsy. The author pokes similar fun at a businessman, a geographer, and a lamplighter, all of whom signify some futile aspect of adult existence.

Editorial Review

From Publishers Weekly

Young Osment (*The Sixth Sense*; *Pay It Forward*) again proves his mettle as an actor, giving voice to the Little Prince in this crisp, full-cast production of the literary classic. He approaches the role with a gentleness and sensitivity that touches the heart and never sounds maudlin. As the pilot whose plane has crashed in the Sahara, Gere plays it low-key, creating a perfect partner for Osment's interplanetary-traveling, wise-beyond-his-years prince. Gere expresses just the right mix of amusement and bewilderment as the prince interrupts the pilot's efforts to repair his plane with a request that he draw a sheep. The adept performances capture the timeless nature of Saint-Exupéry's fable about how a child sees the important things in life much more clearly than many adults do. All ages. (Dec.) birth.

From School Library Journal

Gr 1-4-Actors Richard Gere and Haley Joel Osment read Antoine de Saint-Exupéry's book with the assistance of several other actors and actresses. A pilot stranded in the desert awakens one morning to see, standing before him, a most extraordinary little fellow, who teaches him the secret of what is really important in life. Gere reads the part of the Pilot, and Osment takes the part of the Little Prince. The reading by all the participants is accomplished with great skill and feeling. Piano and strings provide very lovely background music composed by Alexandre Stankevicius. This abridged recording of the classic book should be welcome in most library collections.

A downed pilot, struggling to survive in the desert while repairing his plane, awakens one morning to find the Little Prince standing before him. The Little Prince tells the pilot about his many adventures since he left an asteroid nearly a year ago. Eventually, the prince must return to the asteroid, leaving an indelible impression on the pilot. In his reading of this English classic, Bower's British accent and warm tones capture the depth of the characters' developing relationship. He portrays the Little Prince in soft, childlike tones, capturing his wistfulness and innocence. Bower perfectly executes sad and melancholy emotions when the two characters say good-bye to one another. "Twinkle, Twinkle Little Star" opens and closes this engaging audio, which creatively and imaginatively maintains the integrity of the original work. Grades 5-8. --Linda Sawyer

Users Review

From reader reviews:

Thomas Whitaker:

Book is written, printed, or created for everything. You can know everything you want by a reserve. Book has a different type. As you may know that book is important factor to bring us around the world. Adjacent

to that you can your reading ability was fluently. A publication The Little Prince will make you to possibly be smarter. You can feel considerably more confidence if you can know about every thing. But some of you think that will open or reading the book make you bored. It is not necessarily make you fun. Why they can be thought like that? Have you looking for best book or acceptable book with you?
